Training is delivered within your
environment to contextualise the
training to your setup and build
version

The training session will be
recorded and provided upon
conclusion of training for your
reference

Pre-requisites

Content Manager Introduction,
Intermediate and Advanced
Content Manager server access

Audience

Suitable for staff with
responsibility for systems
administration for Content
Manager

This training course allows you
to have up to a maximum of 5
trainees to attend

Overview

This training course provides attendees with an understanding of what the OCR and Rendering modules for Content Manager are and how to configure and administer them.

Attendees will learn how the OCR and Rendering modules work together, what options are available for configuration and how to request OCR, PDF and redactable renditions.

Topics

This training course will cover the following:

- ▶ Overview of the OCR Module
- ▶ Overview of the Rendering Module
- ▶ Configuring Rendering Module settings
- ▶ Requesting a PDF Rendition
- ▶ Requesting a Redactable Rendition
- ▶ Modifying a Redactable Rendition
- ▶ Requesting an OCR Rendition

Please note that the provision of training materials or digital handouts are not included within training due to the development of generic training materials can not be achieved for a system that can be configured and used in multiple ways. Quotes for custom training materials can be provided upon request.
